rite 1

- Width: 1530mm
- Depth: 785mm
- Height: 1830mm (sloping to 1770mm)
- Floor area: 1.2m²
- Door opening: 755mm

rite 4

- Width: 2280mm
- Depth: 1830mm
- Height: 1980mm (sloping to 1830mm)
- Floor area: 4.17m²
- Door opening: 755mm

If size is critical, please verify all dimensions with supplier prior to purchase.

All sheds: Props not included.

Satisfaction guaranteed

Your shed comes with a 20 year warranty. If any component fails – we will replace it... as long as you build and secure your shed to our instructions as a minimum.

Warranty does not cover damage or loss through act of God. We recommend you advise your insurance provider, in case of such an event.

Colours

Alu-zinc

Karaka

Desertsand

Ebony

Optional extras

Wooden floor

Galvanised tool hooks (set of four)

Solar power batten light

Built to last

Storite storage solutions are made from high tensile steel, formed into a deep ribbed profile. Closely spaced ribs with heavy gauge channels form a strong panel that acts as a tension membrane when assembled, making extra frame work unnecessary.

This is a very simple system that withstands strong winds when anchored and assembled correctly. The manufacturers have been employing this system successfully since 1974, which is testament to the strength and durability of the products.

Shown in Desertsand

rite²

- Width: 1530mm
- Depth: 1080mm
- Height: 1830mm (sloping to 1770mm)
- Floor area: 1.65m²
